To Whom It May Concern:

We received an unsigned Notice CP21B dated August 28, 2023, a copy of which is attached. Notice CP21B states our return was changed based on information we provided to correct the amount of federal income tax withheld, as the result of our inquiry dated January 25, 2022.

We made no inquiry dated January 25, 2022. The closest correspondence to that date would be our reply to your Letter 12C dated December 3, 2021. Our reply to that letter, dated December 13, 2021, reference number 0625781730, is attached. Our response letter did not contain any information which would require a change to the amount of federal income tax withheld.

We **do not** and did not agree to any changes to our lawfully prepared and sworn return. We timely filed Forms 1040 and 4852 with the Internal Revenue Service for Tax Year 2020 in which we accurately accounted for all amounts withheld.

Please provide documentation of the statutory or regulatory authority by which you claim to change our sworn testimony. Notice CP21B proposes a correction to the amount of federal income tax withheld, but does not provide any details or justification for the correction. If you have facts and evidence that we are incorrect in our assessment, please provide so we can respond appropriately.

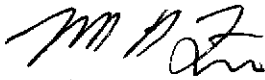

Nothing we have done or do now by making this response or otherwise is to be construed as a waiver of any of our rights. Further, we particularly demand and insist upon every due process protection relevant to this matter under the common law, Texas law and federal law.
